

# MUHAMMAD IKRAAM FAHRIONO

+6285895784355 | [me@fahriztx.dev](mailto:me@fahriztx.dev) | <https://www.linkedin.com/in/fahriztx/> | <https://fahriztx.dev>

I am Muhammad Ikraam Fahriono, Software Engineer based in Surabaya, Indonesia. I am an expert in Python, Node.js, TypeScript, and PHP. I have experience in Web & System Development, Mobile App Development, REST API, and DevOps. I have worked as a Software Engineer at Proxycurl (Singapore) and as a Head of Software Engineer at Mcflyon Teknologi Indonesia. I hold a Bachelor's degree in Informatics Engineering from the University of 17 Agustus 1945 Surabaya, holding a GPA of 3.74/4.00 and graduating in 3,5 years.

## Work Experiences

### Freelance - Remote

Feb 2025 - Present

#### Software Engineer

- Designed and developed various web and mobile-based applications for individual clients and organizations.
- Building applications such as Backend, Frontend, REST APIs, and relational databases.

### Proxycurl - Singapore (Remote)

Jul 2022 - Jan 2025

#### Software Engineer

Proxycurl is a data enrichment API that pulls fresh and accurate B2B data of people and companies, legally, and at scale.

- Develop, and maintain scalable B2B data provider services, ensuring high availability, accuracy, and performance.
- Build robust data pipelines, integrate with third-party APIs, and optimized data retrieval and processing.
- Scraping & Crawling.

### Mcflyon Teknologi Indonesia - Surabaya, Indonesia

Aug 2019 - Jun 2022

#### Head of Software Engineer & Full-Stack Developer

Mcflyon is a national private company engaged in the field of application creation and integrated system design.

- Configuring server infrastructure (DevOps).
- Building and developing websites for clients from all over Indonesia.
- Building and developing mobile applications.

### Aksamedia Mulia Digital - Surabaya, Indonesia

Oct 2017 - Feb 2018

#### Web Developer Internship

Aksamedia is an IT consulting company dedicated to serving as the preferred IT partner that streamlines and fortifies the operations of businesses and organizations through the judicious application of technology.

- Building and developing company profiles for clients.

Bachelor of Informatics Engineering, 3.74/4.00.

## Skills

- Python
- Docker
- Kubernetes
- Microservice
- CI/CD
- DevOps
- PHP
- Node.js
- Typescript
- React
- Scraping
- Crawling
- Web Automation
- Laravel
- REST API
- Vue.js
- Fast Learner
- Communication
- Teamwork
- Problem-solving
- Leadership

## Projects

---

### Library & Package:

- **ZKSoapPHP (2022)**  
A PHP Library for manage data from Fingerprint Machine with SOAP Protocol, created to streamline the integration of biometric attendance systems with existing HR software. This library simplified the complex SOAP communication, reducing errors in data retrieval.  
GitHub: <https://github.com/FAHRIZTX/ZKSoapPHP>
- **ZKSoap-Python (2023)**  
A Python Library for Manage data from Fingerprint Machine with SOAP Protocol, created to streamline the integration of biometric attendance systems with existing HR software. This library simplified the complex SOAP communication, reducing errors in data retrieval.  
GitHub: <https://github.com/FAHRIZTX/ZKSoap-Python>
- **ModelUuid - Laravel (2024)**  
A Laravel package to handle Primary Keys using UUIDs, addressing the need for more secure and globally unique identifiers in database records. This package simplifies UUID implementation, reducing development time for Laravel projects.  
GitHub: <https://github.com/FAHRIZTX/ModelUuid>

## Certification

---

- **Certificate of Competence in Programming and Software Development**  
Badan Nasional Sertifikasi Profesi (BNSP)  
Credential ID TIK 018 1724 2021
- **Certificate of Competence in Network Access Point Services**  
Badan Nasional Sertifikasi Profesi (BNSP)  
Credential ID J 557 00831 2025
